Hospital: healing sin sick people

Hotel: taking care of members

Walking by faith

Walking by sight

Fully trust God

Trust our own abilities

Churches in American have been spiritually drifting away from God for 100-200 years and they do not realize it. Today we have churches that are twisted and deformed compared to the New Testament model. When will WE stop thinking about ourselves and begin to think about the lost people who are walking our streets without Christ? Will we confess our sin and return to truly following Jesus? The church was not meant to be a fortress for Christians, but a gathering place for the nations as people accept Christ as Lord and Savior.

Which column generally describes your church? What are you going to do to help your church approach God's design for the church?

GOD'S PATTERN FOR REVIVAL AND SPIRITUAL AWAKENING
